Amounts & Focus Areas

For 2024/2025, the NbSARG program has one tier of research grants available:

Tier 1 Grants:

Up to
\$15,000 CDN

Project Duration:
up to 12 months/
1 year

It is anticipated that up to
5-10 Tier 1 proposals will be
funded in this initial round

Focus Areas:

Hazard Resilience: Adapting to climate change related hazards (e.g. flooding, coastal erosion, and/or wildfire) through nature-based solutions.

Climate Change and Community Resilience: enhancing resilience through mangrove/peatland restoration; nature-based solutions-related livelihoods; and carbon sequestration.

Healthy Ecosystems and Biodiversity: enhancing water management and biodiversity; and enhancing the overall sustainability and resilience of ecosystems and communities through nature-based interventions, habitat restoration, and biodiversity conservation.

GESEI: Gender equality and social-economic inclusivity (GESEI) must be considered when defining research problems, identifying research methods, proposing analytical tools and methods, and mobilizing knowledge.
