

**Special Master Course Program for Students to
Study Japanese-style Manufacturing
(Japanese Monozukuri)**

**Graduate School of Engineering
Hiroshima University, Japan**

**(Graduate School of Advanced Science and Engineering will be opened in
2020 by reorganizing the existing graduate schools including Engineering)**

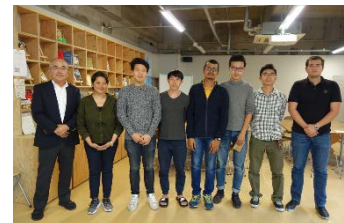

Graduate School of Engineering, Hiroshima University, will be calling for students who wish to enroll in the Special Master Course Program (Global Jinzai Program) in October 2020.

This special master course program (Global Jinzai Program) is designed for the students to study Japanese-style manufacturing (Japanese Monozukuri). The program includes the following courses and classes etc.

Intensive Japanese Language Course, Japanese-Style Manufacturing Course (Problem Based Learning), Internship in Companies in Hiroshima Prefecture, Regular Engineering/Technology Classes, Master Course Research, Dissertation.

The student who finishes the program is required to get a job in the manufacturing company in Hiroshima prefecture.

The university administration strongly supports his/her application for the job.
