CALL FOR APPLICATION R2SEP 2021

OVERVIEW OF THE PROGRAM

Continuing the success of e-program 2020, ITS is committed to open the opportunities for professionals and global researchers to share their expertise and to develop their professional profile through Researcher and Research Student Enrichment Program (R2SEP) 2021.

R2SEP is a unique program dedicated for global researchers and ITS research students to exchange ideas, catch up with the world's research trends in particular fields, share best practices among overseas professors and student researchers.

Aiming at deeper understanding, the 2021 R2SEP offers four (4) streams allowing speakers and participants to explore research best practice in Hard Engineering, Soft Engineering, Sciences, and Architecture, Design, & Social Sciences.

Build your professional research profile with us by registering as speakers for the 2021 R2SEP.

PROGRAM BENEFIT

- ITS Rector Decree
- Certificate of Appreciation & Souvenir
- Honorarium*

STREAM & TOPICS

We open four streams* for 2021 R2SEP:

1. Hard Engineering
2. Soft Engineering
3. Sciences
4. Architecture, Design, & Social Sciences

Each stream contains of these topics*:

1. Expectations From Being a Postgraduate Student
2. Finding Research Idea
3. Literature Review: Latest Tools and Methods
4. Common Research Methodology in Your Field
5. Research Management Skills
