

Established in 1960 as a public technological university, ITS has now grown into an institution with more than 1,000 academic staff, and 38 departments in 7 faculties.

Situated in Surabaya, a large port and the second largest city in Indonesia, ITS has a vision to become a world-class research and innovative university, contributing to the society, industry, and marine development.

ITS Surabaya is ranked third in the country based on the 2020 Times Higher Education ranking. ITS now opens the International Undergraduate Program (IUP), offered for prospective students from around the world and Indonesia.
