Time : 07 – 18 February 2022

15.00 – 18.00 (GMT + 7)

19.00 – 22.00

Synopsis

Indonesia is a pluralistic country consisting of various ethnic groups, customs, races, cultures and religions. Culture itself is a characteristic of every ethnic group in Indonesia. It is this diversity that gives rise to various traditional toys, food, textiles, clothing, textiles, and other craft products

Commtech Online Edition: Exploring Indonesian Creative Design and Culture invites you to focus on the rich culture of East Java through craft, textile and design. In this course program, participants will have experience in deeper understanding Indonesian culture through Creative Thinking steps, Design 101, Design Thinking. and others learning tool which are applied to daily objects.

By better understanding the rich culture of Indonesia through design you will broaden perspective, able to think critically, to apply design thinking in solving problems that will be faced and develop a better community in the future.
