## General Overview

Institut Teknologi Sepuluh Nopember (ITS) Surabaya has been consistently maintaining commitment to develop science and technology with social and cultural approaches. Indonesia as a rich-country of its local culture and traditions presents exoticism in the daily life of its local people. Among thousands of islands, the Java island provides an attraction for continuing to be explored for its rich culture and local traditions. Every local community in Java has interesting life values to learn. The involvement of ITS in various social and community projects has proven its concerns and commitment to the community development in Java specifically and Indonesia generally.

ITS has been running their own short program namely CommTECH (Community and Technological Camp) since 2012 and we've held this program 15 times. In the mid of this year, we come back to held the CommTECH program in offline mode. We offer not only academic courses, but also several non-academic activities combined with insightful and challenging project.

## About Surabaya

As the second largest city in Indonesia and the capital city of East Java province, Surabaya is well-equipped with public facilities and infrastructures. Surabaya with a population of over 2.7 million is located in the equatorial region. Hence there are only two seasons in Surabaya: a very humid rainy season and a dry season. Surabaya is the main seaport and commercial center in the eastern region of Indonesia. Surabaya is also known as "City of Heroes" due to the importance of "Sepuluh Nopember (10th of November)" battle during Indonesia Independence war. Surabaya is a multi-ethnic and multi-religion city. It is very vibrant city that offers dynamic lifestyle.

## Institut Teknologi Sepuluh Nopember (ITS)

Being one of the best universities in Indonesia, the vision of Institut Teknologi Sepuluh Nopember (ITS) is to be an innovative research university with international recognition. ITS, which was founded in 1961 and consist of 10 faculties, offers courses and research in science and technology. Located at eastern area of Surabaya, ITS occupies a large area totaling 180 hectares as its main campus in Sukolilo. ITS is prominent to provide excellent, scientific activities, pleasant natural life environment, very friendly atmosphere, and enormous community spirit. Working together with national and local government, industries, NGOs, communities, and all stakeholders including alumni, ITS carries out strategic programs such as integrated internationalization programs, Lab Based Education (LBE), science technopark, eco-campus, comprehensive research and community outreach.

## Final Project

Participants will be asked to discover the rich culture and traditions of the local Javanese community. This project requires a high level of social sensitivity, a broad perspective, and a critical way of thinking to be able to discover the hidden sides of values belong to Javanese society. These values can be in form of eating etiquette, language style, small talk style, culinary receipts, or everyday clothes. Participants were asked to package their findings in a 360-video project and present it at the end of the CommTECH program.

## Participation Fee

- ITS' University Partner / Consortium Student : 250 USD
- Non-university Partner Student : 400 USD
- Additional Fee of Pick-up Service : 25 USD

The fee is including the program fee, accommodation (student dorm), site visit, and cultural trip. The meal during the program **is not included**.
