

ASEAN STARS

CREATIVE SUSTAINABLE COSTUME COMPETITION

Description of the Event/ Competition	The Creative Sustainable Costume competition shall involve any cultural costumes coming from the ASEAN countries.
Date	Deadline of Entry Submission: January 9, 2023
Participants	Only students enrolled for First Semester, AY 2022-2023 can participate.
Guidelines and Mechanics	 The Creative Sustainable Costume competition shall involve any cultural attire coming from the ASEAN countries. A University/College can submit two (2) entries coming from a team of one (1) female and one (1) male models, and 2 student designers. Considering the factor of sustainability in the national/cultural costume, the designers are required to use recyclable and indigenous materials that are abundant in their area. Male and female models will present themselves wearing the cultural costume of the ASEAN country being represented through a pre-recorded video. One (1) minute will be allotted for every model and divided into four (4) sequence shots. The first 15-seconds is dedicated for a walking whole body shot, another 15-seconds will cover the half-body, side (either right or left) angle, and the remaining 30-seconds is dedicated to shoot the face of the model and the details of the costume. Drone shots are allowed. The video should also contain a voice over that highlights the description of the costume and be saved as a data file in .mp4 format with a frame size of at least 1280x720, 24fps for HD experience. The name of the University/College being represented should be mentioned in the voice over. Music used as background should be of free-royalty or paid to avoid copyright issues during the uploading of the video in social media.

	6. The University/College is allowed to use any background suited to the costume.
	7. Apart from the video, a whole body, and a half body picture will be submitted to the organizer's email address: internationalaffairs@antiquespride.edu.ph on or before December 3, 2022.
	8. There will be a selection committee appointed by the organizing committee largely constituted by the people involved in the field of fashion and design. Their task is to select the top three (3) winners for female models and top three (3) winners for male models on December 5, 2022.
	9. All entries submitted shall be considered as property of the organizers and may be used but not limited to publications, advertisements, exhibits, and other printed and digital media.
	10. The event will be streamed live via Facebook.
	11. Decision of the judges is final and non-appealable.
Criteria	Fitness
	Visual Impact 20 pts. TOTAL 100 pts.
