ITS GLOBAL ENGAGEMENT UPDATES

January 2023

Welcoming 2023, **ITS' Excellent International Atmosphere** is introduced as a new tagline to carry more interesting international programs, not only for ITS' stakeholders but also for ITS' partners worldwide.

Planning several programs, ITS is inviting universities from all over the world to send their students to join short programs in ITS CommTECH Nusantara, as the most anticipated upcoming event, is ready to introduce Indonesia including its culture and language this January. More programs will be held throughout the year, such as CommTECH Camp Insight, CommTECH Camp Highlight, CommTECH Exploration, Fun Bahasa Indonesia and Cultural Course (FBICC), and many more.

Not only students, but ITS is also inviting lecturers from around the world to join the mobility programs. There are upcoming programs such as [Guest Lecture Series \(GLS\)](#), [Global Learning Program \(GLP\)](#), [World Class Professors \(WCP\)](#), and many more to facilitate both ITS lecturers and university partners' lecturers to experience the new atmosphere of the global environment.

Last but not least, ITS also provides mobility programs for non-academic staff. [Inbound Staff Mobility](#) is coming soon this May to enrich the non-academic staff with experiences by having best practices in networking and skill development activities.
