

**Kasetsart University Sriracha Campus Scholarship Program for
“ASEAN +6 Students in Celebration of the 80th Anniversary of Kasetsart University”**

Rationale:

Currently, the rate of competition between Thai universities is increasing due to the decrease of fertility rate of the Thai population. It can be seen from the birth rate data for 2013 - 2022 by the Bureau of Registration Administration (BORA), Department of Provincial Administration (accessed on February 9, 2023, online). Sriracha Campus has realized the importance of entering this standard. Therefore, the Sriracha Campus has initiated the scholarship project to increase the number of the international students within the Sriracha Campus to meet the criteria of the World University Ranking in the dimension of "International Outlook (Staff, Student and Research)" which is consistent with Kasetsart University's policy by using the occasion of the 80th anniversary of Kasetsart University to initiate the project.
