Embarking on an exhilarating journey to uncover fresh cultures and environments, I found myself immersed in an extraordinary adventure. The delightful discovery of kind-hearted individuals and the remarkable assistance provided by ITS allowed me to relish every moment without worrying about paperwork. Initially, I anticipated that English classes would prove to be arduous, yet upon my arrival, a mere few days of adaptation effortlessly banished any concerns I had.

However, the pinnacle of my experience manifested during the cultural camp, where the warm embrace of the village and its inhabitants enchanted me, while the diverse and captivating activities we engaged in left an indelible mark on my memory. Without fail, at every turn, I encountered a world overflowing with amiable souls, illuminating my path with their benevolence.
