projects completed
every year**

OUR VISION

Technology is at the heart of our societies, permeating every sector-transportation, energy, media, retail, health-care, finance, and beyond.

We believe IT professionals must be versatile, capable of working across industries and with diverse technologies.

At Epitech, our students acquire advanced technical expertise and essential soft skills, preparing them to excel in the IT field and collaborate seamlessly across various industries.

OUR PURPOSE

Epitech is dedicated to shaping the future of society by preparing the next generation of IT leaders. Our mission is to equip students with the skills and mindset necessary to drive technological innovation and positive change.

OUR METHODOLOGY

At Epitech, there are no traditional courses or professors. Instead, expert advisors and peers guide students, who achieve their goals through their own motivation and problem-solving.

Our project-based learning founded on active and inductive learning, replicates a typical professional environment. Students face real-life situations, exchange ideas, and challenge opinions to find the best solutions. By the end of the program, they complete numerous projects using the latest IT technologies, gaining both high-level technical skills and essential soft skills.

Epitech's methods foster independent learning, business understanding, teamwork, and effective decision-making skills, preparing students for real-world challenges.

Introduction

Founded in 1999, Epitech –The European Institute of Technology, is the premier school for IT expertise and innovation in France. Epitech is a proud member of the IONIS Education Group, the largest private and independent higher education group in France, which encompasses 27 schools and entities across 18 cities, with over 35,000 students and 100,000 alumni. Epitech has a strong national and international presence with 21 campuses: 15 in France, 3 in Europe, and 2 in Africa.

We welcome international students from our partner universities to immerse themselves in our innovative teaching methods for either a semester or a full year. Exchange students can join either the Epitech "Grande Ecole Program" in Barcelona or the DIT/DIT Advanced curricula in Paris, tailored to their proficiency level. Additionally, Epitech provides exchange students with the option to choose between our vibrant campuses in Paris or Barcelona.

Please consult the [Epitech Course Catalogue](#).

Paris		Barcelona
> DIT - Discover IT	> DIT-A - Discover IT Advanced	> Full Year:
- One semester	- One semester	1st year, 2 nd year or 3 rd year courses
- Full year	- Full year	

GRADING SYSTEM

A (EXCELLENT)

Performance of the student has been at the highest level, showing sustained excellence in meeting all course requirements.

B (GOOD)

Performance of the student has been at a high level, showing consistent and effective achievement in meeting course requirements.

C (SATISFACTORY)

Performance of the student has been at an adequate level, meeting the basic objectives of the course.

D (PASSING)

Performance of the student has been less than adequate, meeting only the minimum course requirements.

The student will have to make additional efforts to achieve the learning goals of the module.

(FAIL)

The student has not achieved the minimum performance.

ACADEMIC CALENDAR_

You can choose to study at Epitech for either one semester or a full academic year:

Paris

DIT S1 : mid-September - end of December
DIT S2 : mid-January - mid-May

DIT-A S1 : mid-September - end of January
DIT-A S2 : mid-January - early June

Barcelona

1st Year Program:

- Semester 1: end of September to late January
- Semester 2: late January to beginning of July

2nd Year Program:

- Semester 2: January until June

3rd Year Program:

- Semester 1: September through January

NOMINATION PROCEDURE_

Nominations must be submitted via form. The Epitech Regional Managers send the nomination forms to the partner, who then proceeds with the student nominations and includes the following details for each nominee: full name, gender, date of birth, email address, number of semesters completed before arrival at Epitech, period of study (Fall / Spring semester).

APPLICATION PROCESS AND REQUIREMENTS_

Once nominated by their home institution, students will receive online application instructions directly from the Epitech International Affairs Office. Students should submit the following supporting documents:

- Copy of Passport (or National Identity Card for European students)
- Official university transcripts translated into French or English
- Proof of English language proficiency (TOEFL IBT : 72 / CEFR B2 - IELTS : 5.5 / TOEIC: 785 or an English test result from the home institution)

After receiving the application, Epitech will follow up with the next steps of the process based on the selected campus.

ACCEPTANCE LETTERS_

Epitech will send the acceptance letter to the student after securing the 200€ mandatory payment.

NOMINATION DEADLINE

FALL SEMESTER

April 15

For EU citizens: April 30

SPRING SEMESTER

October 15

For EU citizens: October 30

APPLICATION DEADLINE

FALL SEMESTER

April 30

For EU citizens: May 30

SPRING SEMESTER

November 1

For EU citizens: November 15

HEALTH INSURANCE_

For EU Citizens:

- You must have a European Health Insurance Card (EHIC) issued by the relevant authorities in your home country.

For Non-EU Citizens:

- You will be required to register with the French social security system upon arrival.

French social security covers approximately 60% of medical expenses incurred in France. While additional health insurance to cover the remaining costs is not mandatory, it is highly recommended.

LIVING EXPENSES (ESTIMATE)

- **Housing:** €800-1000
- **Food (groceries):** €150
- **Transportations :** €350 for an annual student pass or €90 per omtn (valid anywhere in metropolitan Paris)
- **Phone:** €2-20
- **Entertainment:** €160

These costs are approximate and may vary based on each student's lifestyle.

Students can find detailed information and compare the cost of living in different cities in France and Europe using resources like [Numbeo](#), tailored to their chosen Epitech campus.

Additional resources can be accessed on the [Campus France website](#).

HOUSING

Each student is responsible for arranging their own accommodation. However, the Epitech International Office provides extensive information and support for finding accommodation off-campus. Students are encouraged to register on the Studapart platform, which offers various accommodation choices including Kley Residence and Les Estudines.

EPITECH BUDDY PROGRAM_

The International Buddy Program at Epitech supports international students in integrating into their new cultural, linguistic, and academic environment by pairing each incoming student with a current Epitech student. This initiative aims to facilitate friendships, explore the city, and provide academic and personal support to incoming students, ensuring a smooth transition and enhancing their overall experience at Epitech.
