Comprehensive test prep and self-assessment

AccessMedicine® offers an exam prep and self-assessment line-up that will help you excel on important board and licensure exams.

Get access to:

- ▶ Extensive Q&A from *Harrison's Self-Assessment and Board Review*, *Graber and Wilbur's Family Medicine Examination & Board Review*, and a wide range of LANGE titles.
- ▶ A collection of study materials that cover every major topic of the internal medical clerkship, featuring select chapters and cases from across AccessMedicine's library.

Other Features:

Case-Based learning

Acquiring the information is the first step, but mastering its implementation is key in medical practice. AccessMedicine compiles a selection of cases from our most popular titles (including the *Case Files* series) covering the most important topics. Help students think critically and master clinical application with the power of real-world scenarios.

Patient Education

Comprehensive, reliable healthcare information for adults, pediatrics, and medicines is available in multiple languages and for thousands of topics to help you help your patients understand their care and improve their health status.

Quick Reference Tools

A wide variety of reference tools for quick, accurate information when it is needed most:

- ▶ **Current Practice Guidelines in Primary Care** is updated annually and assists in disease screening, prevention, and management by providing succinct versions of longer original guidelines.
- ▶ **Guide to Diagnostic Tests** is a quick reference guide to the selection and interpretation of commonly used diagnostic tests, including laboratory procedures in the clinical setting.
- ▶ **Quick Medical Diagnosis and Treatment** is a collection of concise evidence-based outlines of conditions and disorders most often encountered in medical practice – updated annually and perfect for high-yield review or for quick reference in the clinical setting.
