

ISPhOA 2026

2nd CALL FOR PAPERS

AI-driven Light-based Technology Innovations

INTERNATIONAL SEMINAR ON PHOTONICS, OPTICS, AND ITS APPLICATIONS

 BATUSANGKAR, WEST SUMATERA, INDONESIA
 DECEMBER 2-3, 2026

website

KEYNOTE SPEAKERS

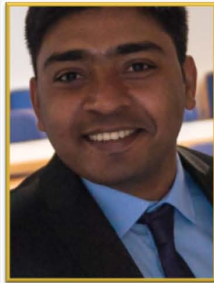

Prof. A.M.Hatta
Vice Rector IV ITS
President of InOS

Prof. S. M. Ganapathy
Univ. Southampton, UK

A/P Dr. Ing Azhar Zam
NYU Abu Dhabi

Dr. Ing R. Kanawade
CSIR-NCL, Pune India

A/P Dr. P. Chaumpluk
Univ. Chulalongkorn

Prof. Anto S. Nugroho
AI&C RC BRIN

INVITED SPEAKERS

Prof. Dr. Yulkifli
Padang State University

Prof. Dr. Retna Apsari
University of Airlangga

Prof. Dr. Hery Suyanto
University of Udayana

Prof Dr. Isnaeni
Photonics RC BRIN

Andri Mahendra, Ph. D.
NICSLAB

Dr.rer.nat. R.A. Wahyuono
ITS

TOPICS OF INTEREST

Light-based Technologies Innovations on

- 1 Life-sciences & medical related technologies
- 2 Agriculture, livestock, and fisheries
- 3 Manufacturing and Industries
- 4 Communication & Multimedia
- 5 Functional Materials
- 6 Energy-related sectors
- 7 Transportation-related technologies
- 8 Other light-based related innovations are also welcome.

IMPORTANT DATES

-  Full-paper submission : September 15th, 2026
-  Acceptance Notification : October 15th, 2026
-  Early-bird Registration : November 1st, 2026
-  Camera-ready paper : November 20th, 2026
-  Seminar : December 2nd - 3rd, 2026

PUBLICATION OPPORTUNITIES

All accepted and presented papers will be published in the

Proceeding of SPIE

SPIE. Proceedings

The world's largest collection of optics and photonics research.
