

Overview

The International Undergraduate Program (also known as IUP) is a bachelor program which implements English as the language of instruction. The program offers regular undergraduate curriculum and provides opportunities for students to take part in international activities in the form of :

1. Study excursion
2. Internship in an international or multinational company
3. Student exchange
4. Summer/short course
5. Joint degree

Student Admission of 2019 Class

IUP is intended for Indonesian nationality and Non-Indonesian nationality high school graduates year of 2017, 2018 and 2019 who meet the requirements set by ITS. For applicants who already have Ujian Tulis Berbasis Komputer (UTBK), the selection will be based on the score obtained in 2019 UTBK Kelompok Ujian Saintek (Science-Tech Group Test) and interview. Students who do not have UTBK score will be selected based on Math and Basic Science Test (online/offline) and interview (online/offline).

Terms and Conditions

1. IUP is offered to Indonesian Nationality and Non-Indonesian Nationality high school graduates year of 2017, 2018, or 2019.
2. Applicants who do not have UTBK scores in Science-Tech Test Group are required to upload school report and to participate in Math and Basic Science Test and interview
3. Applicants must have English Language Proficiency certificate with a minimum score of:
 - a. TOEFL paper based or ITP : 450
 - b. TOEFL IBT : 61
 - c. IELTS : 5.0
4. Applicants must upload Curriculum Vitae and Motivation Letter
5. Applicants must fill out Commitment Letter of Parents
6. Accepted students through SNMPTN can transfer to this program by fulfilling no 3, 4 & 5 from the requirements above. Please contact the below contact person or click the link for further information.
7. Foreign applicant should include passport, health statement and recommendation letter

Ayo bergabung bersama kami International Program Geomatics Engineering

ITS
Institut
Teknologi
Sepuluh Nopember

Tau kah kalian? Setiap waktu perputaran bumi sangat berarti. Setiap titik di bumi memiliki kehidupan dengan kenangan baik. Seperti kuliah di Teknik Geomatika ITS, selain bisa belajar ilmu keren standar Internasional kita juga bisa merasakan berkeliling dunia. Jadi sekali ke kuliah sekalian keliling dunia, bisa belajar sambil jalan-jalan. Ayo bergabung! Jangan sampai nyesel karena ketinggalan

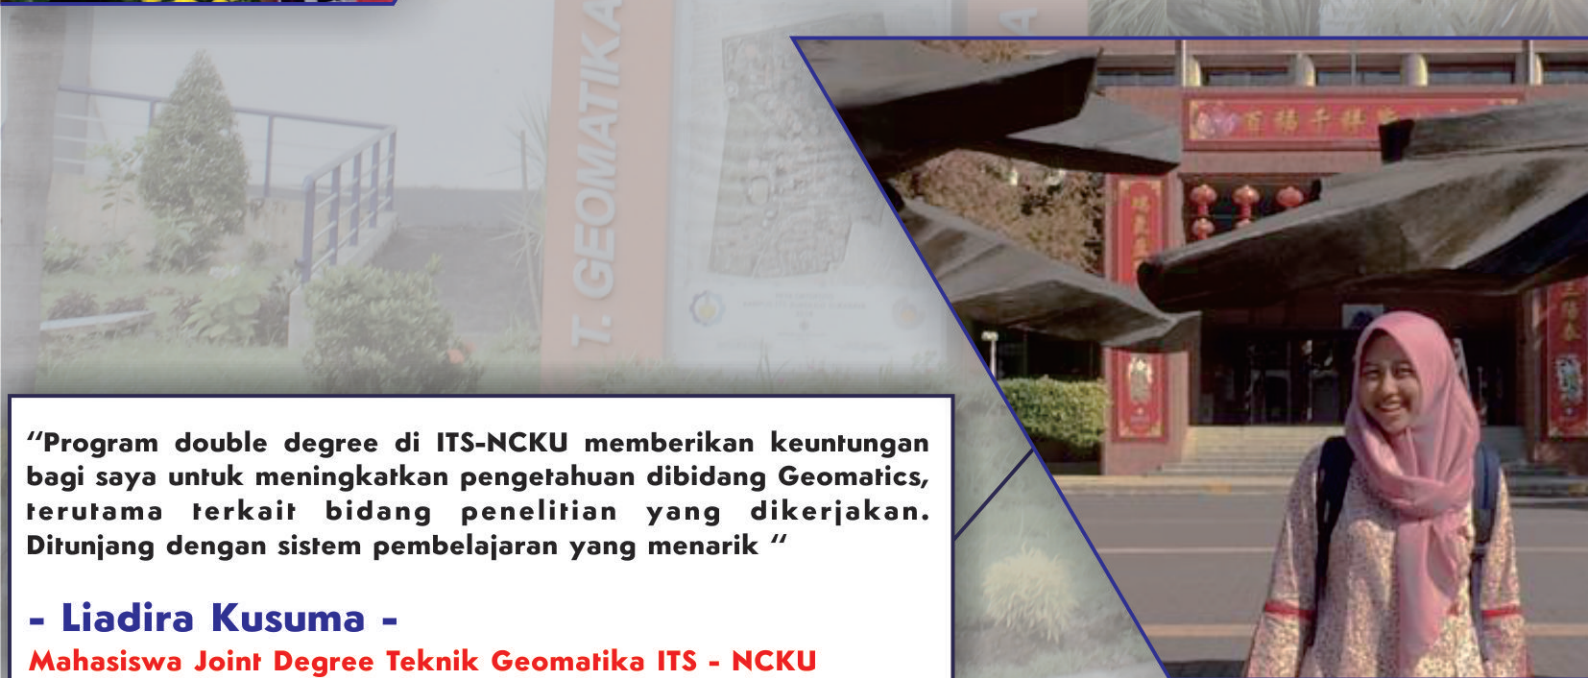

- Mutiara ferawati Marpaung -

My study in ITS geomatics engineering department was an enjoyable academic journey. The lecturers were very helpful whenever I needed assistance related to my courses and research. I was also able to share my knowledge with the students, and for these reasons my skills in geomatics engineering have improved

- Irene Rwabudandi -

International Student of Geomatic Engineering from Rwanda

"Program double degree di ITS-NCKU memberikan keuntungan bagi saya untuk meningkatkan pengetahuan dibidang Geomatics, terutama terkait bidang penelitian yang dikerjakan. Ditunjang dengan sistem pembelajaran yang menarik "

- Liadira Kusuma -

Mahasiswa Joint Degree Teknik Geomatika ITS - NCKU
